Art Unit: 2876

1. Applicant's amendment filed 4/30/07 has been entered.
2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claims 1-7,9-12,14-22 remain rejected under 35 U.S.C. 102(e) as being anticipated by Chau et al 2007/0005685. Chau discloses at least one user input device (attached devices 107 [0035]), attached to a consumer transaction server (client computer 104 [0036]), and a vendor transaction server (web server 101 [0035]). See figure 1. It is disclosed that phone lines may be used for connection of the servers and the input devices [0035]. It is disclosed that the input devices and the servers may be implemented through PCs [0037]. It is disclosed that gift cards may be used to effect payment [0005].
4. Claims 8,13 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
5. The following is a statement of reasons for the indication of allowable subject matter: the prior art of record fails to teach or fairly suggest to one of ordinary skill in the art at the time of the invention, in conjunction with ALL the other limitations of the

subject claims and any claim they are dependent upon, the second gift card as positively recited.

6. Applicant's arguments filed 4/30/07 have been fully considered but they are not persuasive. The examiner acknowledges that the positive recitation of the second gift card overcomes the prior art of record as suggested by applicant in the remarks of the amendment filed 4/30/07. Except for claims 8 and 13, applicant's claim recite a choice of a rebate or a second gift card. Thus it is interpreted that with the choice of the rebate, the second gift card does not come into play. Further, the examiner asserts that use of the gift card is in fact presentation for rebate

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
